

Connecticut Water Supports Wellington at Madison Through Neighborhood Assistance Act *Company's \$2,500 donation will help The Caleb Foundation Fund Affordable Housing Units*

Madison, Conn. — February 9, 2022 — The Wellington at Madison project is the recipient of a \$2,500 grant from Connecticut Water Company's Charitable Giving Committee. The grant was made through Connecticut's Neighborhood Assistance Act (NAA) and will be used toward the development of affordable housing units at 131 Cottage Road in Madison.

The project is the result of a collaboration between HOPE Partnership and The Caleb Group, who was recipient of the donation.

Debbie S. Nutter, president, CEO and co-founder of The Caleb Group shared her thoughts on the project, "We are excited to work with Hope on this project to bring affordable housing to Madison. As rents and housing costs rise, the need for affordable housing is greater than ever across our country. It is a pleasure to work with local partners to provide housing. We are grateful for the financial grant from Connecticut Water and the recognition of the value of affordable housing.

Craig Patla, vice president of service delivery for Connecticut Water, noted, "Connecticut Water is a team of over 200 employees who live and work across the state and we're a part of each community we serve. We're proud that we can contribute to the Madison community in this way."

Awards made by Connecticut Water through the Neighborhood Assistance Act are funded by the company and are not recovered in rates charged to customers.
